SUMMARY

MCA candidate specializing in Generative AI with a strong foundation in Java, Data Structures & Algorithms, web development, and databases. Experienced in building full-stack applications using JavaScript, Node.js, Express.js, PHP, MySQL, and MongoDB. Strong understanding of Core Java, OOP, Collections, Multithreading, SQL, and DBMS.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, HTML, CSS, Python (Basic)

Java & CS: Core Java, OOP, Collections, Streams, Exception Handling, File Handling, Multithreading, DSA, DBMS, Operating Systems, Computer Networks

Web & Backend: HTML, CSS, JavaScript, Bootstrap, PHP, Node.js, Express.js

Databases: MySQL, MongoDB

AI / GenAI: Generative AI Fundamentals, AI/ML Basics

Tools: Git, GitHub, Visual Studio Code

PROJECTS

Travellers Villa | Node.js, Express.js, MongoDB

- Developed a full-stack hotel booking platform as a solo project.
- Implemented user authentication, login/logout, hotel booking/cart functionality, reviews, comments, and authorization.
- Developed an admin panel for managing hotel information and pricing.
- Integrated a map API to display hotel locations and location information.
- Implemented authorization-based review deletion and restricted hotel-location creation to authorized users.

Book Harbor | PHP, MySQL, JavaScript

- Developed an e-commerce platform for purchasing books across multiple genres.
- Implemented book search, genre filtering, cart functionality, ordering, and review features.
- Designed multiple pages including category, information, and book-related pages.
- Handled frontend development and database integration, contributing most of the project's development.

EXPERIENCE

Web Development Intern | Academy of Skill Development / UGCPL

May 26, 2025 – July 12, 2025

- Developed an e-commerce platform for purchasing books across multiple genres with search, filtering, cart, ordering, and reviews.
- Built category and book-related pages with MySQL database integration.
- Handled major parts of frontend and database development.
- Strengthened teamwork, leadership, problem-solving, and project implementation skills.

EDUCATION

SRM Institute of Science and Technology

Master of Computer Applications (MCA) | Specialization in Generative AI

Kattankulathur

2026 – 2028

Sarala Birla University

Bachelor of Computer Applications (BCA)

RANCHI

2023 – 2026

ADDITIONAL INFORMATION

Languages: English, Hindi

Interests: Active participant in intercollegiate hackathons and development challenges, coding, video editing, and learning new technologies.
